Fa'asao Marist High School Class of 2024 Graduation Ceremony

Fa'asao Marist High School celebrated the graduation of its Class of 2024 with a ceremony at the Department of Youth and Women's Affairs (DYWA) in Tafuna on Saturday, June 8, 2024. A total of fifty-nine graduates received their diplomas.

Governor Lemanu P. S. Mauga was among the special guests on this memorable day. In a keynote address, Governor Lemanu challenged the graduates with a question, "Are you ready to step out into the world?" He expressed confidence in their preparation, stating, "My response, yes. You've been nourished, taught by teachers and parents to prepare you for tomorrow. We have come to this day."

The Governor also emphasized the importance of the graduates' spiritual journey, reminding them of their foundation, "You have attended a church school. Spiritual lessons have been a priority. Don't worry, everything you'll go through tomorrow you have been prepared for. Don't forget that you are Samoan and you are a Fa'asao-Marist graduate."

As part of the ceremony, Salutatorian Wendy Lynn Numongong Parango was recognized for her academic achievements. Another special award was given to Nari Florence Elizabeth Zandrowski, who received the General Excellence Award for her outstanding academic performance.

The graduating ceremony celebrated co-valedictorians and recognized Elizabeth Tuitasi, who delivered a moving speech highlighting the resilience and unity of the Class of 2024, and Princess Chiselle Franco Viesca, who also gave an inspiring address.

Families and community members gathered to witness the great accomplishments of the 59 graduates. Other awards and scholarships were also presented, honoring the hard work and dedication of the students.
