US Air Force Recruiting Team Meets with Governor Lemanu P.S. Mauga

[PICTORIAL] The US Air Force Recruiting Team recently met with Governor Lemanu P.S. Mauga on June 4, 2024, to discuss their visit to American Samoa with a dual mission: recruiting new talent and honoring two remarkable local airmen.

Chief Master Sergeant Jacinta Migo, a proud graduate of Faasao High School, made history as the first Samoan female to achieve the highest enlisted rank of E-9 in the US Air Force. **Captain Han Youn Jeong**, from Pago Pago and a graduate of Pacific Horizons High School, serves as a B-52 Pilot in the Air Force.

The team, led by Master Sergeant Mario Soriano, is excited to engage with the local community and identify potential recruits who share the spirit of service and excellence.
